Report of Library Trustees.

The Trustees respectfully present the following report :

The Board organized last Spring, and a Committee of its members was appointed to prepare a list of books for the full Board to pass upon.

It was however thought best not to expend the money, given by Mr. Nelson Ordway for the purchase of books until a suitable place could be prepared for them.

In November the town voted to appropriate a sum not exceeding \$200.00 for library purposes.

The Trustees have since fitted up a room for the library in the house of Mr. W. F. Williams and purchased books as shown in the Treasurer's report.

There remains, from the book fund of \$1000.00 a balance of \$46.68 in the hands of the Treasurer.

The Encyclopedia selected is not yet complete and a portion of this money will be set apart to pay for the remaining volumes as they are published, the balance will be expended for new books.

The card system of cataloguing is now in general use. If rightly understood and used it will prove a valuable aid to the patrons of the library. Catalogues of the books will soon be prepared for home use. Insurance has been effected on the library property but the Treasurer's report does not show this item as no bill has been presented.

The library was opened for the first time, Wednesday, Feb. 6. It is open, public holidays excepted, every Wednesday and Saturday from 2 to 5 and from 7 to 9 p. m. The librarian reports Feb. 23, that 242 persons have already taken out books. This early indication of general interest is very gratifying. The Trustees recommend that this Board consist of three members who shall be elected for one, two and three years, respectively, and that at each annual meeting thereafter one Trustee be elected for the full term of three years.

ANNUAL REPORT
OF THE
Board of Education,
OF THE
TOWN OF HAMPSTEAD.

To the citizens of Hampstead:—In accordance with the laws of the State of New Hampshire, the Board of Education respectfully submit the following as their report of the town schools for the past year :

The schools, so far as your committee have been able to ascertain have given satisfaction throughout the town. There has been several changes among the teachers during the year, principally from resignation.

It is hoped that the inclemency of the weather will not necessitate the postponement of school meeting the present year as it did a year ago, thus giving the committee so little time to make their selections of teachers. Still it is hoped and believed that they have given general satisfaction.

More than five hundred visitors have been received by the schools during the past year.

Such interest manifested by the parents and friends is not without its results.

Owing to some misunderstanding concerning the school money upon the day of the last school meeting, insufficient was raised to carry the schools through as many weeks as the two previous years.

We hope a repetition of this mistake will be avoided as we believe the schools of the past year have not kept as long as desired. The parents of Districts Nos. two and three, believing this, contributed money for the support of an extra term. Each District enjoyed an extra term of eight weeks each. Number two was kept by Miss Goldsmith of Chester, and number three by Miss Etta Tabor. Each school was well attended and with good results.
